

ENVIRONMENT & ISLAM

Islam teaches the concept of stewardship (Khilafah) over the Earth, emphasizing responsible and sustainable interactions with the environment.

Muslims are encouraged to protect and preserve natural resources, practice conservation, and avoid wastefulness, reflecting the Quranic principle of being "vicegerents on Earth."

DID YOU KNOW?

The prophet Muhammad (SAW) had said over 1400 years ago to not waste water even if you are sitting near a river

The prophet Muhammad (SAW) emphasised the important of keeping clean by saying *"Cleanliness is half of your faith"*.

Allah says in the Quran ***"Do not pollute the earth"***.
(Quran 7:56)
